Subject: United States v. Microsoft Corporation

Dear Ms. Hesse:

I appreciate the opportunity to express my opinion.

In response to your request for public comment on the proposed settlement in the case of United States v. Microsoft Corporation, I urge you to settle the case as soon as possible and in a way that imposes the fewest possible restrictions on Microsoft.

I have no direct financial interest in Microsoft nor any of its competitors.

In my opinion, the government should interfere with successful companies as little as possible. We should applaud America's successful companies and allow them to innovate and to grow. This will in turn help our economy grow and thus create economic growth and better lives for all of us.

Sincerely,
